OUR MISSION

Corgipress is dedicated to the production of quality and entertaining independent titles not normally found in traditional publisher's catalog.

Our stories recognize all diverse experiences, including (but not limited to) LGBTQIA+, people of color, and ethnic, cultural, and religious minorities.

OUR HISTORY

In 2012, Scott Bachmann founded Scottcomics to publish his independent comics and web comics. By 2017, the Scottcomics catalog had grown increasingly diversified. In addition to comics there were illustrated books, role playing game supplements, collectible trading cards, and novels. Scott changed the title of his imprint to Corgipress, honoring his Cardigan Welsh Corgi, Odin.
