**CORGIPRESS LAUNCHES KICKSTARTER FOR THE ILLUSTRATED BOOK ‘ANTHONY FOX DOES NOT BELIEVE IN GHOSTS’**

**May 15th, 2019**

**Yellow Springs, OH** – Corgipress is pleased to announce that they have launched a kickstarter for their latest illustrated book for children, “Anthony Fox Does Not Believe in Ghosts”.

“Our goal is always quality art and sincere humor,” said Corgipress’s Executive Director, Scott Bachmann. “This kickstarter also allows you to get the book at less then the projected retail price.”

“The book’s artist Angella Fullard is well respected for ability to combine the paranormal with endearing cuteness. She makes the monsters that go bump in the night cuddly. With Anthony Fox Does Not Believe In Ghosts, Angela exceeded herself to create a haunted forest filled with ghosts and goblins that you want to hug. Anthony Fox himself is well defined and looks as wise as he claims to be.”

Corgipress is an independent publisher and custom imprint for the literary works of Scott Bachmann. Their all ages titles include the graphic novel adventures “Our Super Mom”, and the illustrated book “Grass is Awful”. Corgipress is named for Scott’s Cardigan Welsh Corgi, Odin.
